

Michael J. Wuest
Executive Vice President and President, Commercial

Michael J. Wuest is the Executive Vice President and President - Commercial for Oshkosh Corporation. He was appointed to this position in May 2004. In this role he is responsible for all companies within the commercial business unit, which includes McNeilus, the Geesink Norba Group, London Machinery, CON-E-CO and IMT. Wuest has been instrumental in leading the Enterprise Resource Planning installation and the integration of LEAN technology at McNeilus.

Wuest has held increasingly broad and responsible positions since joining Oshkosh in 1981, primarily in the areas of purchasing and operations. In 1998, Wuest was promoted to Vice President of Manufacturing Operations at Oshkosh Corporation with primary responsibility for production, quality, procurement and testing of Oshkosh brand defense and commercial products. In 1999, he assumed the same responsibilities at the company's fire apparatus subsidiary, Pierce Manufacturing Inc. In 2001, Mike returned to Oshkosh as Executive Vice President, Chief Procurement Officer and General Manager, Airport Business. In this role he had responsibility for all aspects of the company's strategic procurement activities, global sourcing, and supply chain management and development. In addition, Wuest was responsible for the company's airport products business including sales, engineering, production and service.
